DIY Wall - Exterior 2”x 4” | (Total R-14)

(R-3.9 and a Vapor/Moisture Barrier for the Reflectix®)

Reflectix® Installation Instructions

Tools Required:
Safety Glasses
Staple Gun
Tape Measure
Utility Knife/Scissors

1. Reflectix® Insulation
2. 2”x 4” Stud
3. Un-faced Fiberglass
4. Exterior Panel

Recommended Products:
Reflective/Bubble/Bubble/Reflective - Roll: BP24025 (24”x 25’)
Staple Tab, Reflective/Bubble/Bubble/Reflective - Roll: ST16025 (16”x 25’), ST24025 (24”x 25’)

Installation Instructions:
• Install R-13, un-faced, per manufacturer’s specifications.
• Place one corner edge of the Reflectix® in an upper corner of the stud cavity. Staple the product to the side of the stud (creating a 3/4” tab on the product and compressing into the fiberglass (3/4” as well)). The edge of the product should be flush with the forward corner of the stud.
• Proceed “down” stapling to the side of the stud every 2”- 3”.
• Repeat procedure on opposite stud.
• The Goal: Create a continuous 3/4” air space between the product and the interior panel.
• Finish wall interior.
Review These Important Safety Guidelines Prior to Installation:

- **ALWAYS** check local building codes before installing Reflectix®.
- **ALWAYS** check the area you are insulating and make any needed repairs. Any worn wiring should be replaced before you begin installing Reflectix®.
- **ALWAYS** make sure work areas are well ventilated and well lighted.
- **ALWAYS** use eye protection when operating a staple gun.
- **ALWAYS** use caution and common sense when using a staple gun. Be aware of where electrical wiring is located. Stapling into a wire can cause severe shock or death. **NEVER** staple into electrical wiring.
- **ALWAYS** be careful when working with large pieces of Reflectix® on windy days.
- When installing Reflectix® on bright sunny days, it is best to wear sun glasses.
- Do not work in areas such as attics when temperatures are too hot.
- Visit our website at www.reflectixinc.com for additional product and installation information.

Please Note:
The intention of these Installation Instructions and 3-D renderings are for the sole purpose of illustrating the correct location and relative position of the Reflectix® products in specific building assemblies. The correct construction methods and techniques are the responsibility of the installer or contractor. The methods outlined are recommendations on location of the Reflectix® products as a guideline. There are no claims on the part of Reflectix, Inc. that these building assemblies are finite standards or meet building code requirements (as they can vary by region).
